

Vinings Creative Learning Center
2010 Summer Camp Weekly Themes

June 7 - Wilderness Explorers

With a tent set up and vests ready, campers will start their summer by going on fun bug hunts and nature walks! They'll earn badges, make animal track casts and play plenty of outdoor games. By the end of the week, they'll be official Wilderness Explorers!

June 14 - Top Hats and Acrobats

Campers will be able to tune into their silly side by learning crazy circus tricks and putting on a funny clown show! We'll make balloon animals, get creative with face paint, and perfect our showmanship!

***June 21 - Build or Break!**

Campers will learn how to construct things using a variety of items: toothpicks, popsicle sticks, cards, and straws. As an added benefit, they'll practice their team working skills! They'll also learn how to deconstruct things using different methods, like exploding soda with Mentos!

June 28 - The Chef Noodle Show

Campers always have fun when there is cooking involved! This week will include plenty of cooking (and a lot of eating!), learning about healthy foods, and practicing interesting cooking methods, like stomping on cornflakes in zip lock bags to make a yummy top layer for chicken nuggets!

July 12 - Voyage to Mexico

Get ready to embark on a voyage to Mexico where campers will learn all about the culture, the language, and the food! Experiencing authentic foods and learning Spanish phrases will get campers ready for the fun fiesta at the end of the week!

***July 19 - Art-a-palooza**

Campers will learn everything there is to know about different types of art – dancing, music, theatre, painting, sculpting, etc. Campers will be able to release plenty of creative energy by making murals, dancing, and singing their favorite songs.

July 26 - Sandcastles and Sea Shells

Who doesn't want to go to the beach over the summer? Campers will have a blast this week as we build magnificent sandcastles and explore a variety of sea shells. Scuba diving to discover underwater animals and making different types of fish and marine life will be the highlight of the week!

August 2 - Go for the Gold!

An Olympic game extravaganza is what this fun camp week will be! Campers will get to play a variety of sports, participate in relay races, use team work, and then have an awards ceremony at the end!

***August 9 - Farmer Russell Sprouts and Friends**

With the help of Farmer Russell Sprouts and his buds, campers will get to grow their own vegetable garden! We'll also learn how to work on a farm, be the different farm animals, and make homemade food like butter and ice cream!

August 16 - Creepy Crawlies

They may be creepy crawlies, but bugs can be fun! We'll talk about different types of bugs and what they do, like fireflies lighting up the night. Making bugs out of food, goop, and paper will make this an enjoyable, and sticky, experience!

**These weeks, you have the option of choosing either the 3 day (Mon-Wed-Fri) option or the 5 day option (Mon – Fri).*
